WORK EXPERIENCE

A.O. Smith Bangladesh ([Pureit Bangladesh](#))

Analyst – BizLearner Program

Dhaka, Bangladesh

July 2025 – Present

- Developed** a forecasting model using historical data in Excel to aid senior management with **Trade Terms Services Activity Brief (TTS-AB)** analysis and budget preparation, achieving an average accuracy rate of **96%**.
- Engineered** interactive **Power BI dashboards** for claim management and historical sales reporting, enabling the Senior Business Development Manager to check costs and performance metrics like TTS percentage.
- Analyzed** and distributed the **Strategic Partnership Consumer Offer Tracker**, offering key monthly sales insights for exclusive distributors and upcountry markets to support strategic decision-making.
- Architected** a **data warehouse system** for Pureit Bangladesh using **Google BigQuery** and **Looker Studio** after its **acquisition** by A.O. Smith Corporation, which eased the **post-acquisition transition**.
- Engineered** a **SARIMA forecasting model** using **Python** (Pandas, Statsmodels) to predict annual **Primary and Secondary Sales** (GSV & Volume) with **97% accuracy**, streamlining stakeholder strategic planning.

CapeC.

Analyst

Dhaka, Bangladesh

June 2024 – February 2025

- SOS Children's Village Bangladesh:** As Research Associate for the youth entrepreneurship impact evaluation in Bogura and Chattogram, I **conducted** and **transcribed KIIs** with **20 entrepreneurs** to develop detailed case studies on program effectiveness and individual success stories.
- Justice and Care Bangladesh:** As Project Associate for the Economic Empowerment Pilot Initiative, I **facilitated** trauma-informed FGDs with survivors in Dhaka to gather insights and developed comprehensive business cases and plans for **two social enterprises**.
- Oxfam in Bangladesh:** As a Research Associate for the Green Business Assessment project, I **researched** green business practices, facilitated a workshop with **15 waste and agriculture SMEs** to define business characteristics, and aided in conducting and transcribing In-Depth Interviews (IDIs) with financial stakeholders to develop a scoring toolkit.

PROJECTS

Robi Axiata PLC Valuation – CFA Institute Research Challenge

Project Name: [Valuation & Equity Research Report for CFA Institute Research Challenge on Robi Axiata PLC](#)

- **Won 1st Place in the CFA Institute Research Challenge – Bangladesh Round**, competing against leading universities with a full-scale institutional equity research presentation.
- Conducted a comprehensive equity valuation of Robi Axiata PLC (DSE: ROBI) using a blended methodology (DCF – Build-up & CAPM, Relative Valuation, and DDM), deriving a fair value of BDT 36.76 with 25% implied upside.
- Built a fully integrated 6-year financial projection model incorporating ARPU growth, data-led revenue mix shift, DuPont analysis, ROIC expansion, working capital dynamics, and dividend sustainability forecasting.

DSE Insight – Equity Valuation Dashboard for DSE-listed Companies

Project Name: [DSE Insight – Reverse DCF & P/E Valuation Tool for Dhaka Stock Exchange](#)

- Developed a Streamlit-based valuation dashboard using Python to analyze DSE-listed companies through Reverse DCF and P/E Relative Valuation methods.
- Integrated bdshare and web scraping from DSE to collect market data and compute implied growth rates and peer-based fair values.
- Built an interactive UI with input controls, valuation outputs, peer comparison tables, and charts to support intuitive financial analysis.

EXTRACURRICULAR ACTIVITIES

BUP Business and Communication Club

Assistant Joint Secretary

Dhaka, Bangladesh

July 2022 – July 2025

- Introduced BUPBCC to new students and managed “Gateway 2023”, resulting in 615 applications. Also contributed to “CreADive” with social media posts and event management.
- Elevated to Assistant Joint Secretary from Sub-Executive Member for continued commitment to excellence.
